

# CYCLING HOLIDAYS ON THE COSTA BLANCA

## Spain

Costa Blanca

The Jalon Valley and the coastal Marina Alta area on the Costa Blanca North is a cycling paradise. From the rustic villages in Jalon valley to the aqua blue seaside towns such as Moraira and Javea running along the edge of the Med this region offers the very best cycling training roads in Europe.

In the winter months on a Flamme Rouge cycling holiday we regularly find ourselves cycling amongst the likes of Julian Alaphilippe, Mark Cavendish, Greg van Avermaet and Sam Bennett to name but a few. In 2021, 13 of the UCI World Tour teams used the Marina Alta area as their pre season training base.

The Marina Alta is easily accessible from either Alicante or Valencia airports which are both approximately one hour drive away.
